Tatted Ice Cream Cone

It's been a hot summer in Colorado. Earlier this month, I was hot and was trying to talk myself out of cooling down with some ice cream. Then it hit me--why not tat an ice cream cone instead? So I did, and saved myself a bunch of calories in the process!

This is an intermediate-level 2-shuttle pattern using simple rings and chains. It was tatted using Flora size 20 thread.

ds	double stitch	R	ring
Ch	chain	j	join
p	picot	bj	beaded join
lp	long picot	lj	lock join

You will need:

Flora thread in your choice of color for the cone, size 20
Flora thread in white for the ice cream, size 20
10 2-3mm tiger eye beads
2 tatting shuttles
Sewing needle and matching thread
